# Key University initiatives supporting gender equality

## Senior Gender Equality Network

The Vice-Chancellor launched SGEN in 2012 to support the advancement of gender equality, increase senior engagement and develop local gender equality champions. In 2013, SGEN members identified priority areas for further action to progress gender equality, which will be announced in Michalemas term.

## Returning Carers' Fund Launched 15th July

The University has introduced a new scheme to support research and academic staff rebuilding their research activity and profile after a break for caring responsibilities. Examples include 'buying out' teaching and administrative duties for a period of time, funding conference attendance, research/technical support or assistance in grant writing.

## Women of Cambridge book

What makes a successful woman at Cambridge? How should we judge success? And who would you nominate as a role model? A publication and website will be launched in March 2014 to highlight and explore different meanings of success and excellence and celebrate women achievers

## Senior Academic Promotions CV Scheme & Open Fora

The SAP CV Scheme is a positive action initiative that aims to encourage more women to apply for senior roles. It brings together Lecturers, Senior Lecturers and Readers who are thinking of applying for promotion, with senior academics who have extensive experience of the University's SAP procedures. The Scheme was highlighted in a series of Open Fora hosted by the Pro-Vice Chancellor for Institutional Affairs, Professor Jeremy Sanders, in May and July, attended by over 120 academics. One participant commented:

"There are some rumours and misconceptions about promotion and it was great to hear first hand what is ahead of me. It made me feel that the process will be less daunting than I feared"

Register your interest in the SAP CV Scheme. Email: [manaz.javaid@admin.cam.ac.uk](mailto:manaz.javaid@admin.cam.ac.uk) by mid-Sept.
